

Discounts and Special sessions for Couples

Providing Financial Assistance

We realise that the Joshua generation has been hard-hit during the global pandemic, with many losing their jobs, their training or simply having their studying disrupted. We want to help. The current DE cost is already discounted but as a token of heart for the Joshua generation, there is potentially further discount to people who are in financial hardships and/or struggling to find a footing in earning. If you need help, you will need to complete the application process before we can commit to any financial assistance. In your application (not in an email), please indicate that you would like to apply for a further discount and then this would be brought to the attention of our Executives and decided upon. Priority will be given to full time missionaries & full-time students, newly married couples, young adults leaders serving a local church in full time or part-time ministry.

Further Information for couples (including those considering coming with children)

The DE (Destiny Encounter) has always been open to both the single and the married. But as an organisation, we feel compelled this time round to make it even more accessible to couples. So, for the 2023 DE, we will be offering special couples' sessions for those married and/or those engaged to be married within last 3months leading up to the DE.

The DE does not cater for couples who are undecided about a future together and, in order to protect your time with God, we ask that you don't start a romantic relationship during the course of your time at the DE

Furthermore, we offer a 30% discount for couples (and couples with kids) who are coming for a full week or more, so that they are not burdened.

For more information, please complete the second stage of the application process and add some comments in your form saying you would like to talk to someone about discounts. As a general principle, we will not offer discount to couples who have not completed this second stage.

Please note, accommodation in the area of the event is expensive. Thus, discount prices (available to first 5 applicants) are decided upon in conjunction with the price of accommodation provided.

Couples Coming with Children

Couples are going to be offered their own room. We may provide creche and kids activities so that couples with young children can be released to join the sessions without the need to provide 24hrs care to their kids. Please be advised that *Water from the Rock* is not specifically structured to provide any form of care to children. As a result, what we are offering is help (in the form of baby-sitting for those with young children). Couples with kids attract a small increase in costs and, our volunteers of course would be vetted to ensure they comply with basic safeguarding regulations.

Should you need further information, please go through our normal application process and then you will be able to talk to one of our staff who can provide you with more details.

Please be aware that each couple can only have a maximum of two kids aged ≤ 5 years old.

Finally, please aware there are further Terms & Conditions required to secure discounts. This will be made available after applicants begin the second stage of the application process.
