

Discounts and General Information for Couples

Providing Financial Assistance

We realise that the Joshua generation has been hard-hit during the global pandemic, with many losing their jobs, their training or simply having their studying disrupted. We want to help. The current DE cost is already discounted but as a token of our heart for the Joshua generation, there is potentially further discount to people who are in financial hardships and/or struggling to find a footing in earning. If you need help, you will need to complete the application process before we can commit to any financial assistance. In your application (not in an email), please indicate that you would like to apply for a further discount and then this will be brought to the attention of our Executives and decided upon. As a general principle, we will not offer discounts to those who have *not* completed the application form. There are further terms and conditions required to secure discounts, which will be made available after you begin the second stage of the application process. Discounts are only available to two sets of couples and a limited number of full-time missionaries, awarded on a first come first serve basis. Please note, accommodation in the area of the event is expensive. Thus, discount prices (available to first 5 applicants) are decided upon in conjunction with the price of accommodation provided.

Further Information for Couples

- The DE (Destiny Encounter) has always been open to the single, married and those engaged (meaning they're on track to marry) as there is content that can relate to all in these stages and transitions of life. However, the DE does not cater for couples who are undecided about a future together.
- We have ran DE for families and youths before, but unfortunately we are currently not able to provide this in 2024 as it stands.
- If you are expecting a baby, we need to know so that we can ensure the relevant safeguarding protocol is in place during your time here. Unfortunately we are unable to accept couples who are expecting a baby who is 2 months away from their due date.
- In order to protect your time with God we ask that you don't start a romantic relationship during the course of your time at the DE
- Couples get a 20% discount if attending the full 9 days of the initiative and 10-15% if they come for part of it. Priority will be given to couples coming from outside of Europe due to the rise in air fares.
- Couples/leaders can arrive as early as August 1st '24 for a pre-retreat session (session 1)
- Married couples are offered their own room but we can't promise an ensuite bathroom
